Headteacher Mrs Angela Wheatcroft B.A. (QTS)

Goring Church of England Primary School
Catch Up Plan 2020-2021
Allocation £9614

Catch up funding	Rationale	Allocation	Desired Outcome	Actual Spend	Impact
Third Space Learning for maths tuition	We want to give individual children the opportunity to have individual specialist teaching to fill gaps in their mathematical knowledge.	£597	Individual children to have made accelerated progress in maths over the course of the year		
Teaching Assistant Support	Additional TA support to provide intervention groups as identified on the provision map with a specific focus on catch up.	£3135	Individual pupils need targeted support to catch up. The provision map will identify programmes which have been independently evaluated and shown to be effective in other schools.		
Higher Level Teaching Assistant Support	Additional HLTA support to provide intervention groups as identified on the provision map with a specific focus on catch up.	£2204	Individual pupils need targeted support to catch up. The provision map will identify programmes which have been independently evaluated and shown to be effective in other schools.		
ELSA Support	We believe all children should have the skills and resources needed to help them to express their emotions. We know that this sometimes requires additional support, especially for those children who have struggled with the effects of lockdown during the pandemic. We want children to be fully prepared for their lives ahead and that they may require additional strategies to help with this.	£4104	Children are confident to speak openly about their emotions and have resources and strategies in place to help with the processing of these.		

November 2020

We are all part of God's vine and are rooted in His rich soil. We are nurtured and supported so that we may grow and spread out into the world to love and to serve.
