

<u>Medium Term Plan – Summer 1</u>

## Around the World – South America

|           | Key Skills Covered         | Milestones Covered  | Lesson Outline/ Continuous Provision<br>Activities  |
|-----------|----------------------------|---|---|
| Geography | A. Investigate places      | <ul> <li>3.2. Identify and describe how the physical features affect the human activity within a location.</li> <li>3.3. Use a range of geographical resources to give detailed descriptions and opinions of the characteristic features of a location.</li> <li>3.5. Analyse and give views on the effectiveness of different geographical representations of a location (such as aerial images compared with maps and topological maps - as in London's Tube map).</li> <li>3.6. Name and locate some of the countries and cities of the world and their identifying human and physical characteristics, including hills, mountains, rivers, key topographical features and land-use patterns; and understand how some of these aspects have changed over time.</li> <li>3.7. Name and locate the countries of North and South America and identify their main physical and human characteristics.</li> </ul> | South America<br>Week 1: To find out about the location<br>and countries of South<br>America.<br>Week 2: To find out about the climate<br>in South America.<br>Week 3: To find out about the major<br>mountain ranges of South America.<br>Week 4: To find out about the human<br>geography of South America.<br>Week 5: To find out about trade and<br>industry in South America.<br>Week 6: To be able to carry out an in-<br>depth study of a South American<br>country. |
|           | B. Investigate<br>patterns | 3.2. Understand some of the reasons for geographical similarities and differences between countries.  |   |

|              |                  | 2.2 Describe here less time ensued the world are able of the state     | 1  |                                   |
|--------------|------------------|--|----|-----------------------------------|
|              |                  | 3.3. Describe how locations around the world are changing and          |    |                                   |
|              |                  | explain some of the reasons for change.                                |    |                                   |
|              |                  |  |    |                                   |
|              |                  | 3.4. Describe geographical diversity across the world.                 |    |                                   |
|              |                  |  |    |                                   |
|              |                  | 3.5. Describe how countries and geographical regions are               |    |                                   |
|              |                  | interconnected and interdependent.                                     |    |                                   |
|              | C. Communicate   | 3.1. Describe and understand key aspects of:                           | 1  |                                   |
|              | geographically   |  |    |                                   |
|              |                  | • physical geography, including: climate zones, biomes and             |    |                                   |
|              |                  | vegetation belts, rivers, mountains, volcanoes and earthquakes         |    |                                   |
|              |                  | and the water cycle.   |    |                                   |
|              |                  |  |    |                                   |
|              |                  | • human geography, including: settlements, land use, economic          |    |                                   |
|              |                  |  |    |                                   |
|              |                  | activity including trade links, and the distribution of                |    |                                   |
|              |                  | natural resources including energy, food, minerals, and water          |    |                                   |
|              |                  | supplies.  |    |                                   |
|              |                  |  |    |                                   |
|              |                  | 3.3. Create maps of locations identifying patterns (such as: land use, |    |                                   |
|              |                  | climate zones, population densities, height of land).                  |    |                                   |
| Art & Design | 1. Develop ideas | A.3.1. Develop and imaginatively extend ideas from                     | 1. | To learn about great artists,     |
|              |                  | starting points throughout the curriculum.                             |    | architects and designers in the   |
|              |                  | A.3.2. Collect information, sketches and resources                     |    | context of Romero Britto.         |
|              |                  | and present ideas imaginatively in a sketch                            | 2. | To learn about great artists,     |
|              |                  | book.  |    | architects and designers in the   |
|              |                  | A.3.3. Use the qualities of materials to enhance                       |    | context of Frida Kahlo.           |
|              |                  | ideas.   | 3. | To improve the mastery of art and |
|              |                  | A.3.4. Spot the potential in unexpected results as                     |    | design techniques in the context  |
|              |                  | work progresses.   |    | of clay.                          |
|              |                  | A.3.5. Comment on artworks with a fluent grasp of                      | 4. | To improve the mastery of art and |
|              |                  | visual language.   |    | design techniques in the context  |
|              |                  |  | 1  |                                   |

| 1. | Master techniques     | B.3.10. Show life-like qualities and real-life                       | of printing. |
|----|-----------------------|--|--------------|
|    | (sculpture and        | proportions or, if more abstract, provoke                            |              |
|    | printing)             | different interpretations.   |              |
|    |                       | B.3.11. Use tools to carve and add shapes, texture                   |              |
|    |                       | and pattern.   |              |
|    |                       | B.3.12. Combine visual and tactile qualities.                        |              |
|    |                       | B.3.13. Use frameworks (such as wire or moulds) to                   |              |
|    |                       | provide stability and form.  |              |
|    |                       | B.3.18. Build up layers of colours.                                  |              |
|    |                       | B.3.19. Create an accurate pattern, showing fine detail.             |              |
|    |                       | B.3.20. Use a range of visual elements to reflect the purpose of the |              |
|    |                       | work.  |              |
| 2. | Take inspiration from | C.3.1. Give details (including own sketches) about the style of some |              |
|    | the greats            | notable artists, artisans and designers.                             |              |
|    |                       | C.3.2. Create original pieces that show a range of influences and    |              |
|    |                       | styles.  |              |

|         | Key Skills             | Milestones Covered  | Lesson Outline  |
|---------|------------------------|---|---|
| Science | 1. Work scientifically | <ul> <li>A.3.1. Plan enquiries, including recognising and controlling variables where necessary.</li> <li>A.3.2. Use appropriate techniques, apparatus, and materials during fieldwork and laboratory work.</li> <li>A.3.3.Take measurements, using a range of scientific equipment, with increasing accuracy and precision.</li> <li>A.3.4. Record data and results of increasing complexity using scientific diagrams and labels, classification keys, tables, bar and line graphs, and models.</li> <li>A.3.5. Report findings from enquiries, including oral and written explanations of results, explanations involving causal relationships, and conclusions.</li> <li>A.3.7. Use test results to make predictions to set up further comparative and fair tests.</li> </ul> | <ol> <li>Forces         <ol> <li>To describe how gravity effects how things move.</li> <li>To explore what is meant by the term friction.</li> <li>To study the effects of opposite forces by looking at air resistance and gravity.</li> <li>To investigate and collect data.</li> <li>To learn that water resistance is another type of friction and carry out an investigation to find out the best</li> </ol> </li> </ol> |

|    | 7. Understand<br>movement,<br>forces and<br>magnets                          | <ul> <li>A.3.8. Use simple models to describe scientific ideas, identifying scientific evidence that has been used to support or refute ideas or arguments.</li> <li><u>Forces</u></li> <li>G.3.3. Explain that unsupported objects fall towards the Earth because of the force of gravity acting between the Earth and the falling object.</li> <li>G.3.4. Identify the effect of drag forces, such as air resistance, water resistance and friction that act between moving surfaces.</li> <li>G.3.5. Describe, in terms of drag forces, why moving objects that are not driven tend to slow down.</li> <li>G.3.6. Understand that force and motion can be transferred through mechanical devices such as gears, pulleys, levers and springs.</li> <li>G.3.7. Understand that some mechanisms including levers, pulleys and gears, allow a smaller force to have a greater effect.</li> </ul> | shape for a boat's hull.  |
|----|--|---|---|
| RE | 6. Understand beliefs<br>and teachings                                       | <ul> <li>A.3.1. Explain how some teachings and beliefs are shared between religions.</li> <li>A.3.2. Explain how religious beliefs shape the lives of individuals and communities.</li> </ul>   | <ul> <li><u>Are you inspired?</u></li> <li>1. To identify who inspires you the most.</li> <li>2. Who or what inspired the disciples?</li> </ul>   |
|    | 1. Understand<br>practices and<br>lifestyles                                 | <ul> <li>B.3.1. Explain the practices and lifestyles involved in belonging to a faith community.</li> <li>B.3.2. Compare and contrast the lifestyles of different faith groups and give reasons why some within the same faith may adopt different lifestyles.</li> <li>B.3.3. Show an understanding of the role of a spiritual leader.</li> </ul>  | <ol> <li>Are Christians today inspired by the<br/>Holy Spirit?</li> <li>To consider the seven gifts of the<br/>Holy Spirit.</li> <li>To consider the impact that believing<br/>in Jesus will have on a Christian's life.</li> </ol> |
|    | <ol> <li>Understand how<br/>beliefs are conveyed</li> <li>Reflect</li> </ol> | <ul><li>C.3.1. Explain some of the different ways that individuals show their beliefs.</li><li>D.3.1. Recognise and express feelings about their own identities.</li></ul>  |   |
|    |  | Relate these to religious beliefs or teachings.<br>D.3.2. Explain their own ideas about the answers to ultimate<br>questions.   |   |

|           | 4. Understand values               | <ul> <li>D.3.3. Explain why their own answers to ultimate questions may differ from those of others.</li> <li>E.3.1. Explain why different religious communities or individuals may have a different view of what is right and wrong.</li> <li>E.3.2. Show an awareness of morals and right and wrong beyond rules (i.e. wanting to act in a certain way despite rules).</li> <li>E.3.3. Express their own values and remain respectful of those with different values.</li> </ul>  |  |
|-----------|------------------------------------|---|--|
| Computing | Physical computing –<br>Micro:bits | <ul> <li>I can create a simple circuit and connect it to microcontroller.</li> <li>I can explain what an infinite loop does.</li> <li>I can program a microcontroller to make an LED switch on.</li> <li>I can connect more than one output component to a microcontroller.</li> <li>I can design sequences that use count-controlled loops.</li> <li>I can use a count-controlled loop to control outputs.</li> <li>I can design a conditional loop.</li> <li>I can explain that a condition is either true or false.</li> <li>I can explain that a condition being met can start an action.</li> <li>I can use selection (an 'ifthen' statement) to direct the flow of a program.</li> <li>I can describe what my project will do.</li> <li>I can identify a real-world example of a condition starting an action.</li> <li>I can use selection to produce an intended outcome.</li> <li>I can use selection to produce an intended outcome.</li> </ul> | <ul> <li><u>Physical computing – Micro:bits</u></li> <li>1. Exploring micro:bits, using input<br/>and output functions.</li> <li>2. To be able to explain what the<br/>buttons on the micro:bit do and<br/>make code (barefoot litter hunt<br/>lesson 1).</li> <li>3. Design a counting device using<br/>the micro:bit (barefoot litter hunt<br/>lesson 2).</li> <li>4. To learn how inputs (sensors) and<br/>outputs (lights and sound) of the<br/>micro:bit can be used to design<br/>and make prototype solutions.</li> <li>5. To learn how inputs (sensors) and<br/>outputs (lights and sound) of the<br/>micro:bit can be used to design<br/>and make prototype solutions.</li> </ul> |

| 1. Perform | <ul><li>A.3.1. Sing or play from memory with confidence.</li><li>A.3.2. Perform solos or as part of an ensemble.</li></ul> | Dancing in the Street:<br>Week 1: Listen and appraise 'Dancing in<br>the Street'. Learn about what Motown<br>music is like. Recap how to read music   |
|------------|--|---|
|            | A.3.3. Sing or play expressively and in tune.  | notation.<br>Week 2: To compare two songs in the  |
|            | A.3.4. Hold a part within a round.   | same style, talking about what stands out<br>musically in each of them, their   |
|            | A.3.5. Sing a harmony part confidently and accurately.   | similarities and differences.<br>Week 3: Create and copy rhythms based  |
|            | A.3.6. Sustain a drone or a melodic ostinato to accompany singing.   | on the words and pules of the main song<br>that<br>include syncopation/off beat.<br>Week 4: To sing in unison and to sing   |
|            | A.3.7. Perform with controlled breathing (voice) and skillful playing (instrument).  |   |
| 2. Compose | B.3.1. Create songs with verses and a chorus.  | backing vocals.<br>Week 5: Play a musical instrument to   |
|            | B.3.3. Combine a variety of musical devices, including melody, rhythm and chords.  | accompany song.<br>Week 6: Improvise by making up your<br>own tunes on the spot   |
|            | B.3.4. Thoughtfully select elements for a piece in order to gain a defined effect.   |   |
|            | B.3.5. Use drones and melodic ostinati (based on the pentatonic scale).  |   |
|            |  | <ul> <li>A.3.2. Perform solos or as part of an ensemble.</li> <li>A.3.3. Sing or play expressively and in tune.</li> <li>A.3.4. Hold a part within a round.</li> <li>A.3.5. Sing a harmony part confidently and accurately.</li> <li>A.3.6. Sustain a drone or a melodic ostinato to accompany singing.</li> <li>A.3.7. Perform with controlled breathing (voice) and skillful playing (instrument).</li> <li>Compose</li> <li>B.3.1. Create songs with verses and a chorus.</li> <li>B.3.3. Combine a variety of musical devices, including melody, rhythm and chords.</li> <li>B.3.4. Thoughtfully select elements for a piece in order to gain a defined effect.</li> <li>B.3.5. Use drones and melodic ostinati (based on the pentatonic</li> </ul> |

|        |  | B.3.6. Convey the relationship between the lyrics and the melody.   |  |
|--------|--|---|--|
|        | 3. Transcribe  | C.3.2. Read and create notes on the musical stave.  | _  |
|        |  | C.3.4. Understand and use the # (sharp) and $\flat$ (flat) symbols.   |  |
|        | 4. Describe music  | D.3.1. Choose from a wide range of musical vocabulary to accurately describe and appraise music.  |  |
| French | 1. Read fluently   | <ul> <li>A.3.1. Read and understand the main points and some of the detail in short written texts.</li> <li>A.3.2. Use the context of a sentence or a translation dictionary to work out the meaning of unfamiliar words.</li> <li>A.3.4. Show confidence in reading aloud, and in using reference materials.</li> </ul>  | Stage 2 – Lessons 29-34<br>Week 1: Rhyme, size adjectives, sentence<br>building (<br>Week 2: Plural nouns and adjectives   |
|        | 2. Write imaginatively   | <ul> <li>B.2.1. Write a few short sentences using familiar expressions.</li> <li>B.2.2. Express personal experiences and responses.</li> <li>B.2.3. Write short phrases from memory with spelling that is readily understandable.</li> <li>B.3.2. Use knowledge of grammar to enhance or change the meaning of phrases.</li> <li>B.3.3. Use dictionaries or glossaries to check words.</li> <li>B.3.5. Include imaginative and adventurous word choices.</li> <li>B.3.6. Convey meaning (although there may be some mistakes, the meaning can be understood with little or no difficulty).</li> </ul> | <ul> <li>Week 3: Position of size and colour<br/>adjectives, I am, pronouns and adjectives,</li> <li>Dictionaries</li> <li>Week 4: Are you?, dictionaries</li> <li>Week 5: Are you?, I am, I am not,<br/>dictionaries</li> </ul> |
|        | 3. Speak confidently   | <ul> <li>C.3.3. Take part in conversations to seek and give information.</li> <li>C.2.3 Ask and answer simple questions and talk about interests.</li> <li>C.2.4. Take part in discussions and tasks.</li> <li>C.2.5. Demonstrate a growing vocabulary.</li> </ul>  | Week 6: Are you?, I am, I am not, dictionaries   |
|        | 4. Understand the<br>culture of the<br>countries in which<br>the language is<br>spoken | <ul> <li>D.3.1. Give detailed accounts of the customs, history and culture of the countries and communities where the language is spoken.</li> <li>D.3.2. Describe, with interesting detail, some similarities and differences between countries and communities where the language is spoken and this country.</li> </ul>  |  |

| PE | 1. | Develop practical   | Games (rounders and tennis):   | Rounders:   |
|----|----|---|--|---|
| PE | 1. | Develop practical<br>skills in order to<br>participate, compete<br>and lead a healthy<br>lifestyle. | Games (rounders and tennis):<br>C.3.1. Choose and combine techniques in game situations (running,<br>throwing, catching, passing, jumping and kicking, etc.).<br>C.3.2. Work alone, or with team mates in order to gain points or<br>possession.<br>C.3.3. Strike a bowled or volleyed ball with accuracy.<br>C.3.4. Use forehand and backhand when playing racket games.<br>C.3.5. Field, defend and attack tactically by anticipating the direction<br>of play.<br>C.3.6. Choose the most appropriate tactics for a game.<br>C.3.7. Uphold the spirit of fair play and respect in all competitive<br>situations.<br>C.3.8. Lead others when called upon and act as a good role model<br>within a team. | Rounders:Week 1: To judge how far to run basedon the distance of a hit.Week 2: To throw over short distanceswith power to get the batter out.Week 3: To follow the path of the balland to make sure that it is fieldedconsistently.Week 4: The backwards hit rule and usingit tactically as the backstop.Week 5: To hit the ball into gaps tomaximise the chance of scoring.Tennis:Week 1: To recap and control a range ofshots with accuracy and control.Week 2: To move quickly to the ball toperform a volley. |
|    |    |   |  | <ul><li>Week 3: To play an overhead shot and<br/>know when you might use this.</li><li>Week 4: To refine court movement to hit<br/>the ball before the second bounce.</li><li>Week 5: To perform a diagonal serve.</li></ul>  |

| PSHE       1. Growing<br>independence<br>and taking<br>responsibility.         2. Media awareness<br>and safety. | <ul> <li>I can explain how one organ functions and how it contributes to the health of my body.</li> <li>I can explain how choices relating to smoking and drinking can effect a persons health.</li> <li>I can think of ways to improve a skill and the strategies that will help me do this.</li> <li>I can name several qualities that make people attractive that are nothing to do with how they look, but about how they behave.</li> <li>I can give examples of how I am independent and manage my own success.</li> </ul> | Being My Best<br>Week 1: Getting Fit: Explain the<br>importance of food, water and oxygen,<br>sleep and exercise for the human body<br>and its health. Know two harmful<br>effects each of smoking/drinking<br>alcohol.<br>Week 2: It All Adds Up: Understand the<br>importance of food, water and oxygen,<br>sleep and exercise for the human body<br>and its health.<br>Week 3: Different Skills: Identify their<br>own strengths and talents; Identify areas<br>that need improvement and describe<br>strategies for achieving those<br>improvements.<br>Week 4: My School Community: State<br>what is meant by community; Explain<br>what being part of a school community<br>means to them; Suggest ways of<br>improving the school community.<br>Week 5: Independence and<br>responsibility: Identify people who are<br>responsible for helping them stay<br>healthy and safe.<br>Week 6: Star Qualities: Describe 'star'<br>qualities of celebrities as portrayed by<br>the media; Recognise that the way<br>people are portrayed in the media isn't<br>always an accurate reflection of them in<br>real life. |
