		3.2. Use literacy, numeracy and computing skills to a exceptional standard in order to communicate information about the past.3.3. Use original ways to present information and ideas.	8. Gas masks 9. The Home Guard – Dad's Army. Working in groups of ¾ children will research and teach each other about these efforts. Week 6: How did people manage to carry on normal life during the war and how do we know? Re-enacting a typical every day wartime scene and bringing the image alive Week 7: How did people manage to carry on normal life during the war and how do we know? Looking at war-time experience through the medium of Christmas
Geography	A) Investigate places This concept involves understanding the geographical location of places and their physical and human features.	 3.1 Collect and analyse statistics and other information in order to draw clear conclusions about locations. 3.2. Identify and describe how the physical features affect the human activity within a location. 3.3. Use a range of geographical resources to give detailed descriptions and opinions of the characteristic features of a location. 3.4. Use different types of fieldwork sampling (random and systematic) to observe, measure and record the human and physical features in the local area. Record the results in a range of ways. 3.5. Analyse and give views on the effectiveness of different geographical representations of a location (such as aerial images compared with maps 	Week 2: The Changing map of Europe since 1900 – 2021. Week 3: The effect of war on the changing face of Europe, WW1 AND WW2 Week 4: The effect of the Blitz on key cities in England, London and Coventry.

	and topological maps - as in London's Tube map).
	3.6. Name and locate some of the countries and cities of the world and their identifying human and physical characteristics, including hills, mountains, rivers, key topographical features and land-use patterns; and understand how some of these aspects have changed over time.
B)Investigate patterns This concept	3.3. Describe how locations around the world are changing and explain some of the reasons for change.
involves understanding	3.4. Describe geographical diversity across the world.
the	3.5. Describe how countries and geographical regions are interconnected
relationships between the physical features of places and the human activity within them, and the appreciation of how they impact each other	and interdependent.
C)	3.1. Describe and understand key aspects of: human geography, including:
Communicate	settlements, land use, economic activity including trade links, and the
geographically This concept	distribution of natural resources including energy, food, minerals, and water supplies.
involves	water supplies.
understanding geographical representations,	3.2. Use the eight points of a compass, four-figure grid references, symbols and a key (that uses standard Ordnance Survey symbols) to communicate

	vocabulary and techniques.	knowledge of the United Kingdom and the world. 3.3. Create maps of locations identifying patterns (such as: land use,	
Art	climate zones, population densities, height of land). A) Develop ideas A.3.1 Develop and imaginatively extend ideas from starting points throughout the curriculum. A.2.3 Collect information, sketches and resources and present ideas imaginatively in a sketch book. A.3.3 Use the qualities of materials to enhance ideas. A.3.4 Spot the potential in unexpected results as work progresses. A.3.5 Comment on artworks with a fluent grasp of	A.3.1 Develop and imaginatively extend ideas from starting points throughout the curriculum. A.2.3 Collect information, sketches and resources and present ideas imaginatively in a sketch book. A.3.3 Use the qualities of materials to enhance ideas. A.3.4 Spot the potential in unexpected results as work progresses.	Week 1: Learn about Guernica and the impact that it had on the artist Pablo Picasso. Create a class replica of the great painting. Week 2: Study some of Picasso's other war drawings and prints and discuss what they convey, what symbolism does Picasso use. Make some sketches based on the analysis. Week 3: Remembrance day art in response to poetry. Week 3: Create a war image inspired by Picasso's work using screen printing. Week 4: Study the work of the WW2 artist Henry Moore looking at how he was inspired by form and mass. Week 5: Recreate an underground pastel drawing on black paper inspired by Henry Moore's work. Week 6: Sketch studies of Henry Moore sculptures to plan for model making using clay Week 7: Clay sculpting in the style of Henry Moore
	B) Master techniques	B.3.1 Sketch (lightly) before painting to combine line and colour. B.3.2 Create a colour palette based upon colours observed in the natural or built world. B.3.3 Use the qualities of watercolour and acrylic paints to create visually interesting pieces. B.3.4 Combine colours, tones and tints to enhance the mood of a piece. B.3.5 Use brush techniques and the qualities of paint to create texture. B.3.6 Develop a personal style of painting, drawing upon ideas from other artists. B.3.7 Build up layers of colours.	

	Key Skills	Milestones Covered	Lesson Outline
Science	A) Work	A.3.1. Plan enquiries, including recognising and controlling variables where	Week 1: To discover what we know
	scientifically	necessary.	about the human body and describe
	This concept		different systems that support life.
	involves learning	A.3.2. Use appropriate techniques, apparatus, and materials during	, 11

the methodologies of	fieldwork and laboratory work.	Focus in on the circulatory as the study for this term.
the discipline of science.	A.3.3.Take measurements, using a range of scientific equipment, with increasing accuracy and precision.	Week 2: To understand the importance of the circulatory system focusing on
	A.3.4. Record data and results of increasing complexity using scientific diagrams and labels, classification keys, tables, bar and line graphs, and models.	the heart's job and the effect of exercise on the heart's performance. Acknowledging that the heart is an organ that needs exercise to keep it
	A.3.5. Report findings from enquiries, including oral and written explanations of results, explanations involving causal relationships, and conclusions.	healthy. Week 3: How does the heart work and what is its role in the circulation of
	A.3.6. Present findings in written form, displays and other presentations.	blood. What is blood made up from and what is the job of these various elements?
	A.3.7. Use test results to make predictions to set up further comparative and fair tests.	Week 4: Discovering the famous scientists who have impacted thoughts
	A.3.8. Use simple models to describe scientific ideas, identifying scientific evidence that has been used to support or refute ideas or arguments.	on the heart and circulatory system: Dr Daniel Hale Williams. Week 5: Discovering the famous
C) Understand animals and	C.3.1. Describe the changes as humans develop to old age.	scientists who have impacted thoughts on the heart and circulatory system:
humans This concept involves	C.3.2. Identify and name the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood.	Marie Maynard Daly. Week 6: The quest of 'Keeping our

features and	• dynamics	'While shepherds watched' (to the joke words about washing socks in coal-tar
		words about washing socks in coal-tal

	effectiveness of musical elements.	 tempo timbre texture lyrics and melody sense of occasion expressive solo rounds 	soap) Week 6: Performing 'Stille Nacht/Silent Night' Using the extra online accompaniment, two groups (eg the class divided into two) sing a version of 'Silent night', where the German words ('Stille nacht') are echoed, line-by-line, by the English words.
French	A) Read fluently This concept involves recognising key vocabulary and phrases.	 A.1.1. Read out loud everyday words and phrases. A.1.2. Use phonic (or logographic in Mandarin) knowledge to read words. A.1.3. Read and understand short written phrases. A.1.4. Read out loud familiar words and phrases. A.1.5. Use books or glossaries to find out the meanings of new words. 	Week 1: Name types of word class in a sentence. Describe the colour of a shape. Describe the colour and size of shape. Write a sentence using a size and colour adjective following a model. Week 2: Say sentences using a noun and size/colour adjective. Ask a question by using a question voice. Name the 2 groups of nouns. Week 3: Name the indefinite article for each group of nouns Find a translation of a noun in a dictionary Find the gender of a noun in the dictionary and use the correct indefinite article. Week 4: Identify masculine and feminine nouns. Say what happens to an adjective if it is describing a feminine noun. Pronounce size and colour adjectives in feminine form. Say a sentence using adjectives and nouns in
	B) Write imaginatively This concept involves using key vocabulary and phrases to write ideas.	 B.1.1. Write or copy everyday words correctly. B.1.2. Label items and choose appropriate words to complete short sentences. B.1.3. Write one or two short sentences. B.1.4. Write short phrases used in everyday conversations correctly. 	
	C) Speak confidently This concept involves using key vocabulary	C.1.1. Understand a range of spoken phrases. C.1.2. Understand standard language (sometimes asking for words or phrases to be repeated).	

	and phrases to verbally communicate ideas.	C.1.3. Answer simple questions and give basic information. C.1.4. Give responses to questions about everyday events. C.1.5. Pronounce words showing a knowledge of sound (or pitch in Mandarin) patterns.	both masculine and feminine. Week 5: Select words from the dictionary. Write a poem about colours using a model with an indefinite article, noun and adjective.
	D) Understand the culture of the countries in which the language is spoken	D.1.1. Identify countries and communities where the language is spoken. D.1.2. Demonstrate some knowledge and understanding of the customs and features of the countries or communities where the language is spoken.	 Week 6: Children present and read their poems to the class.
	This concept involves the background knowledge and cultural capital needed to infer meaning from interaction	D.1.3. Show awareness of the social conventions when speaking to someone.	
PE	A) Develop practical skills in order to participate, compete and lead a healthy	C.3.1. Choose and combine techniques in game situations (running, throwing, catching, passing, jumping and kicking, etc.). C.3.2. Work alone, or with team mates in order to gain points or possession.	Weeks 1-7 1. Invasion Games • Yoshi (Territorial running game) • Tag Rugby • Bench Ball • Dodge Ball
	lifestyle This concept involves learning a range of physical	C.3.3. Strike a bowled or volleyed ball with accuracy. C.3.4. Use forehand and backhand when playing racket games. C.3.5. Field, defend and attack tactically by anticipating the direction of	2. Floor Gymnastics ● Warm - ups

	movements and sporting techniques.	play. C.3.6. Choose the most appropriate tactics for a game. C.3.7. Uphold the spirit of fair play and respect in all competitive situations. C.3.8. Lead others when called upon and act as a good role model within a team.	 Individual Skills Teamwork Performance Cool - downs
PSHE	Valuing differences	 I can reflect on and give reasons for why some people show prejudiced behaviour and sometimes bully for this reason. I can show respect to others by using verbal and non-verbal communication. I can reflect on and give reasons for why some people show prejudiced behaviour and sometimes bully for this reason. I can describe how empathy can help people to be more tolerant and understanding of those who are different from them. I can recognise how the media can reinforce gender stereotypes and begin to challenge this. I can explain the difference between a passive bystander and an active bystander and give an example of how active bystanders can help in bullying situations. I can show respect to others by using verbal and non-verbal communication. 	Valuing Differences Week 1 = Ok to be different Week 2 = We have more in common than not Week 3 = Respecting Differences Week 4 = Tolerance and Respect for Others Week 5 = Advertising Friendships! Week 6 = Boys will be boys? – challenging gender stereotypes
